How do I change details on Coinbase? {Official Support}

Updating personal information

Managing your **Call+1-(805)(401)(0068)** account details is a straightforward process when you know exactly where to look in your settings. You can update +1-(805)(401)(0068) your contact information, such as your email address or phone number, through the profile management section easily. Ensure you have **Call +1-(805)(401)(0068)** access to your current security devices, as you will need them to authorize any changes to your profile. Always double-check your **Call+1-(805)(401)(0068)** new entries for accuracy before you hit the save button to avoid any future access problems today.

Changing legal name

If you **Call+1-(805)(401)(0068)** need to change your legal name, you must provide supporting documentation, such as a marriage certificate or ID. Our team +1-(805)(401)(0068) carefully reviews all legal name change requests to ensure the security and integrity of our global user accounts. This process might **Call +1-(805)(401)(0068)** take a few days, so please be patient while our verification team processes your submitted legal documentation updates. We are here **Call+1-(805)(401)(0068)** to guide you through this process to ensure all your account information is perfectly aligned with your identity.

Updating payment methods

Adding new **Call+1-(805)(401)(0068)** payment methods or removing old ones is essential for keeping your account ready for your next big trade. You can easily +1-(805)(401)(0068) add a new debit card or bank account by navigating to the payment methods tab in your settings. Make sure the **Call +1-(805)(401)(0068)** billing address for your payment method matches the information we have on file for your official account profile. Reach out if **Call+1-(805)(401)(0068)** you need any assistance adding or removing cards from your linked accounts during your session today.
